## Every Child Christmas - Funding Proposal

Thank you for considering the opportunity to partner with the Figgers Foundation to distribute bicycles to youth in foster care. Through partnerships like these, we can directly impact the lives of children letting them know that their lives matter and are valued.

### **Our History**

The Figgers Foundation was inspired by its founder Mr. Freddie Figgers, CEO and Chief Software Architect of Figgers Communications, Inc. He is an American inventor, computer programmer and entrepreneur. He is the youngest American who holds a Federal Communications Commission License which allows him to operate his own successful cell phone company. He was born and raised in Quincy, Florida and was abandoned by his biological mother at birth and adopted by his foster parents. Mr. Figgers learned the importance of accountability and giving back at a very young age. Living by the mantra that 'We are our brother's keeper', Mr. Figgers was determined to make a difference. His dreams as a young man, always included his community and how he could positively affect those around him. The Figgers Foundation has become the vehicle by which lives are affected. It is with this platform that our number one mission is to inspire change, bring awareness and provide solutions to a number of real-life issues that so many face every day.

### **Every Child Christmas Corporate Partner Program**

Each year hundreds of kids wake up on Christmas Day with tremendous anticipation for what is under the tree. For many, the "most wonderful time of the year", turns out to be one of the unhappiest days to remember. We believe that no child should have to feel the hurt from being left out or forgotten.

The Figgers Foundation asks you to join us as a corporate partner and commit to bring as much elation into a child's life through our Every Child Christmas Program. This year, our goal is to provide bicycles to youth in foster care across the United States and in some instances in your hometown or corporate headquarters. Through our partnership, we will be able to ensure that children experience the childhood memories of learning to ride their first bike, regardless of their financial background and lack of family support. We believe older youth receiving bicycles will provide them with a safe and reliable form of transportation to school or work, allowing them to pursue their educational goals while earning a steady income. Every dollar given goes towards fulfilling the holiday wishes of a foster child who may not have received anything during this special season. We know that one positive action creates many more and we hope that you will become partners with us in such a worthy cause.

### **Why Join Us?**

Provide a tangible form of happiness to foster children

Visibility and Recognition

Banner at gift drop off locations

Speaking opportunities at drop off centers

Corporate video as a partner

Impact Video and photos of bike distribution to foster youth (Example video)

<https://youtu.be/wVQKdvzRPgE>

Corporate or individual name on all materials for Every Child Christmas

Company name on print and online newsletter (distribution 300,000), publications, invitations, signage and Corporate Partner Webpage

Opportunity to list The Figgers Foundation on your corporate website as a community partner

### **How We Measure Impact:**

The Figgers Foundation measures its Every Child Christmas impact through a combination of written testimonials from the foster youth, partner surveys that gauge the satisfaction of our corporate partners and data reports which measure program benchmarks such as the number of foster children served, agencies we engage with and the volume of resources delivered.

### **Conclusion:**

The Figgers Foundation along with your support remains committed to providing as many bicycles to foster youth as we can. We have the unique ability to change a foster child's protective in life with simple acts of kindness and support. We thank you for considering a partnership with Figgers Foundation and look forward to a meaningful lasting impact in the lives of foster care children throughout the U.S.

Sincerely,

Freddie Figgers, President  
The Figgers Foundation and Figgers Communications, Inc.
